ABOUT ME

Hello Everyone,

I am Suren from Armenia. I am a Junior Frontend developer. Currently learning at BeeOnCode training center as a Full Stack developer. Learning React.JS now. I had a profession, I was a sales manager, but decided to change my profession and become a programmer because I like this sphere since my childhood. I have a TikTok channel where I distribute my works, as well as share training videos.

I have created akal.am website for AkalAviaservice LLC.

Also, you can check the works I did on my Github profile. The profile link is indicated on the Social media side.
